In order to fly your drone under the FAA's Small UAS Rule (Part 107), you must obtain a Remote Pilot Certificate from the FAA. This certificate demonstrates that you understand the regulations, operating requirements, and procedures for safely flying drones. Based on this the FAA has introduced new rules for non-hobbyist remote pilots who want to become what's also called an Unmanned Aircraft Systems (UAS) pilot. Becoming A Commercial Drone Pilot The process of attaining a remote pilot certification under FAA Part 107 is actually a straightforward one, but there are certain prerequisites you have ...
